WHO WE ARE

NTC is committed to work on ethics, therefore we provide dossiers and all required certifications wherever needed. We believe in long terms business relationships, hence we never hesitate to invite any authority or our clients to inspect our sources and production facilities.

WHAT WE DO?

Noor Trading Company (NTC) has a perspective of “**Services for betterment of lives**”.

Noor Trading Company (NTC) now provides the delivery of Medicinal Products, Food Supplement, Surgical goods and Medical Supplies along with some other agricultural, organic minerals and consumer commodities around the world with a wide range of products. **NTC** works to help you to reach high quality products in a timely and complete way by choosing the cold chain transportation system where needed and ensuring that the products are always reliable. We have come to these days with safe and reliable steps and reached at our target to become Pakistan's best exporter in the field of Pharmaceutical and medical supplies specially, Noor Trading Company (NTC), we are now moving to significant position as the most preferred source in Pakistan as we give access to our clients for maximum commodities which are needs of daily life.

WHAT WE DO?

In the field of pharmaceuticals and healthcare, with the expertise of our experienced and professional regulatory team, we offer full dossiers on the basis of guidelines to our importers/distributors, which helps to get the registration of the product in importing countries. With this practice we do legal transactions and give access to consumer to quality medicines and medical supplies which is the ultimate right of everyone. We take 100% responsibility for what we do.

In the field of organic minerals, we provide best quality products from Pakistan. As Pakistan is rich in the domestic production of Pink/ Himalayan/ Rock Salt. It is rock salt (halite) mined from the Punjab region of Pakistan. Pakistan has 2nd biggest reservoirs for rock Salt, The salt, which often has a pinkish tint due to trace minerals, is primarily used as a food additive to replace refined table salt but is also used for cooking and food presentation, decorative lamps and spa treatments.

WHAT WE DO?

Agriculture is the largest sector in Pakistan. Pakistan has moved towards horticulture successfully which now playing a vital role in the continuous supplies of agricultural goods through modern methods and technology. NTC may source quality Rice, Mango, Kino, Apple, Dates, Pine Nuts, Oranges and Guava among Vegetables like Potato, Onion, Mushroom, Garlic, Chilly etc.

NTC has also tendency to export the Textile and garments from Pakistan. Pakistan has supply base for almost all man-made and natural yarns and fabrics, including cotton, rayon and others. This abundance of raw material is a big advantage for Pakistan due to its beneficial impact on cost and operational lead time. NTC may be your partner in the supplying of quality Textiles and readymade garments.

The frozen meat and food industry is now the fast growing industry in Pakistan. From NTC we can export all types of Halal Frozen meat, half cooked and ready to cook meat and food items.

Pakistan is also know the land of foodie people and without spices foods may tasteless. As spices are the core ingredient of food therefore we are always choosy in the selection of spices for our food. From NTC we can supply many types of spices in any type of packing or in bulk form.

MISSION

NTC has a mission to give access to its clients and consumers globally to best quality products. NTC believes to sustain its business relationships on work ethic therefore, we never compromise on the quality of products and never hesitate to provide any documentation or to invite any authority or client to inspect our sources.
